Dated. Chickmagalur, 7th June

1895.

From,-

The Dy Commissioner

To,

The Chief Secretary

to the Government of

Mysore -

No

Sir,

In reply to your Official Memo No. 1571/1664 dated 11/23 May last. forwarding for report a petition from one Malla Ningappa of Hiriyur village in the Kadur Taluk, praying that Survey Nos 52, 43, 46, 50 and 51 in the Bichinâh village of Timmapura may be granted to him, I have the honor to state that the lands in question together with others in the same village, all 14 lands in number, were formerly applied for by one Iyani gowda and others.

Of the 14 numbers above alluded to, the Appellant had sought No 52 for

No

Rs 12-8-0. (10) The sale was accordingly sanctioned, as Iyaré gowda's claims were given preference to for all the lands. Tharé gowda having failed to take possession of the lands granted to him, and additional facts having come to light that these lands would fetch good value on the completion of Kukkasamudra channel, I ordered them to be reserved as Government waste till then according to Government Proceedings No 382-90 dated 1st October 1888. Vide correspondence ending with Government Proceedings No. 2679 dated 14th August 1894, approving my action.

Copy not found in Secretariat

3. In the meanwhile, the present Appellant put in a petition to the Dewan Bahadur in person on 10th January 1894, appealing against my orders reserving the said lands for sale on the completion of the above project, and praying that he might be granted Survey Nos 52, 45, 43, 51 and 50. I received it with your Memo No Pet/1125 dated 10th January 1894 for attention to the

Dewan's order noted thereon, which was to the effect that the sale must await the alignment of irrigation. The Appellant having therein represented that he had cultivated some of those lands and spent a large outlay on them and on a certain Kattē above them, I required the Kadur Taluk Amildar to make necessary enquiries and submit a report.

4. In 1893-94, he brought to the fact of the unauthorised cultivation by cocoanut plants on Survey No 52 by the Appellant on the Sattrar List for the orders of the then Huzur Jamabandi Officer, Mr. K. Ramaiyangar. He seemed to have thought it best to secure the land to the Appellant with the special sanction of Government and offered him the land, if he was willing to pay its value. (Survey No 52 measuring 8.28 acres and assessed at Rs 5-8-0 dry) at Rs. 30 per acre. As the Appellant did not agree to it, I passed the following orders on 10/18 September 1894.-

"The Devasom orders on the petition are final, pending the argument of the case, after which this question will again be brought to notice and settled"

5 In 1894-95 the case was brought on the Jamabandi list wherein it was stated that the Appellant cultivated 3 out of the 8 acres and 28 guntas of the Survey No 52 with paddy and Castor oil seeds and the remainder with Cocoa-nut plants.

6 When I performed the Jamabandi of the Kadur Taluk in 1894-95 I passed the following orders:-

"Thalay Lingappa planted the land immediately after it was sold and before confirmation or receiving a Sagavali Chit. As the sale has subsequently been cancelled on account of the land being below the Channel, the amount of purchase money is

was refunded to him. This he now admits and states that he has been put to a large expense on account of a tank he has made and the cocoanuts he has planted. He was offered the land at a price of Rs 30/- per acre, that being the value put upon it by the General Assistant Commissioner and which will be its probable value after the Channel from Kukkaumdora Tank passes through it. He refused this offer, but agrees to pay three quarter of the average sale amount of land sold after the completion of the Channel and Tank"

"As the land belongs to Government and the amount paid for it has been received back by Maile Singapoe after the sale was cancelled, Maile Singapoe is ordered to quit the land which he has occupied and

which

"which will be no great hardship as he states that he had put in about 20 Cocoanut plants. His case, however, will be considered regarding this land after the completion of the tank. Malli Lin: gappa will pay the full assessment of the whole Survey No 52 for this year and last year".

7 It is against the above orders that the present appeal is preferred.

8. The appeal petition together with the vernacular papers is herewith returned.

Order

Order No. 541 / 11.7.93
F.T. 1455

Survey No 5-2 of the Lingampura village, measuring
a. g.
16 - 13 (that is, Khanda 9-25, &
dry land 8-28) and assessed
at Rs 5-8-0, was, on the receipt
of a Darkhast from one Iyare
Gowda, posted in Arelia on
the 31st of March 1892, and
purchased by the Petitioner.
Malle Ningappa for Rs 12-4-0.
The sale was, however, not
confirmed, and it was ordered
that this and other unassessed
lands in the village should
not be granted for cultivation
pending the alignment of the
irrigation channel from the Kukkandra
Tank. Petitioner was informed
of this order, and he received back
Rs 12-4-0, the price paid by
him at the sale. In the
meantime the Petitioner had, in
anticipation of the order confirming the
sale, taken possession of the

land and planted it with cocoanut trees. This unauthorised cultivation was reported by the Jamabandi officer in 1893-94 and after personal inspection Mr. K. Ramaswamiyar Sahib submitted a recommendation that the land ~~[illegible]~~ might be granted to the Petitioner for an upset price at Rs 30 per acre, in consideration of the repairs executed by him to a tank near it. He was of opinion that the said rate would probably represent the value of the lands in the neighbourhood after the completion of the channel from the Kuksandra Tank, and stated that it might be slightly reduced if the Deputy Commr thought it was too high. The Deputy Commr did not

sanction the proposal, and deferred orders till the alignment of the channel was completed. The question of unauthorized cultivation having again been brought to notice at the Jamabandi of 1894-95, the Deputy Commr ordered that the Petitioner should quit the land, which, it was observed, was no great hardship, as Petitioner stated that he had put in only about 20 cocoanut plants.

2. Petitioner appeared at the hearing, and prayed for indulgent consideration in view of the outlay he had incurred. He was wrong in having entered upon the land and cultivated it, without obtaining a Sagwadi Chit; but having regard to the recommendation submitted

submitted by the Surveyor General's Officer, the Government are pleased to direct that, as a special case, upset price at Rs 25- an acre be accepted, and that, on payment of this, the Petitioner's occupation of the land be confirmed, without prejudice to the right of Government to impose a water rate or revise the assessment, when the Channel from the Kankanadi Tank is completed.
